- Warehouse & Logistics

Features & Benefits:

When Blitz meets Blastz in Stone you get an even bolder Buckbootz style which will blow the doors off your safety footwear sales.

High leg lace/zipper boots make a real footwear statement and BLASTZ in Stone cowhide leather does that in some measure .

End users love the front/back anti scuff grid protection we developed for our record breaking Blitz style. In fact it looks so good on Blastz that we are going full circle to launch BLITZ in Stone too.
