

Buckbootz Non-Safety Wellington Boot BBZ5222

An all purpose country boot for ladies.

The Buckler Boots non-safety footwear range for wet and mucky weather. Neoprene synthetic rubber is most commonly used in wetsuits, but when it is bonded to rubber it provides the ultimate comfort, performance and durability combination for wellington boots and variants.

Neoprene provides:

- Waterproofing
- Weight saving
- Insulation
- Stretch
- Chemical resistance
- Abrasion resistance
- Oil resistance

Rubber provides many of these benefits whilst maximising durability and sole grip. All Buckbootz styles are easy to clean and have detachable cushion insoles.

Features:

- Available Sizes 4/38-8/42
- Non-Safety
- Waterproof
- Black
- Sole - Springer Rubber Sole
